

Bedford

CARE

Admissions Checklist

Prior to admission to a Bedford Care Center the facility will require certain documentation related to the future resident's health and needed medical care. You will be required to provide the following documents prior to admission:

- ❖ Physician's orders, including a diet order, signed by the physician with a diagnosis for each ordered medication
- ❖ Medical History and Physical Exam dated within 30 days prior to the date of admission
- ❖ Current Chest X-Ray dated within 30 days prior to the date of admission
- ❖ TB Signs and Symptoms form completed and signed by a physician or nurse practitioner within 30 days prior to admission
- ❖ TB Skin Test with Step 1 results documented within 30 days prior to admission
- ❖ A photo ID and copies of all current insurance cards
- ❖ Power of Attorney, Conservatorship, or other legal documents
- ❖ Healthcare Advance Directives such as a Living Will

If admitted from a hospital, the following additional information is needed:

- ❖ Discharge Summary
- ❖ Physicians Certification
- ❖ Medication administration records for past 7 days

The facility may require additional information prior to admission to determine appropriate placement and identify potential needs.
